SUPERVISORY PATENT EXAMINER TECHNOLOGY CENTER 3600

Continuation of 2. NOTE: The issue of new matter is the emulation module/object interfacing directly with the operating system on the development system. Since neither the specification nor the drawings make it clear that the emulation module must directly interface with the operating system, it would therefore require further consideration and/or search to determine whether or not this direct connection is necessary since it is possible that applications can directly interface with each other without the assistance of an operating system
